

## Times Tables Rockstars

You have all been set up on Times Tables Rockstars.

Your username and password details are

**Username:** first three letters of your first name first three letters of your surname

(example: Joseph Bloggs – josblo)

**Password:** circle

Go to <https://trockstars.com/>

click on “login”

From drop down select “school pupils”

Start typing “Pingle” and the school name will appear

Select “The Pingle Academy”

Type in your username and password

Click “Login”

You will need to pick a rockstar name. You will not be able to change this once you have chosen it.

When you first log in, play the “Gig Game.” It will ask you 100 times tables and you don’t need to rush or do it all in one go. This is to work out which times tables you already know and which ones you need to practice.

After you have completed the Gig Game, the times tables in both the “Garage” and the “Arena” games are specifically for you based on the times tables you already know. If you play on games in the Studio, Soundcheck, Festival or Rock Slam then the question will be random. You can also play against any students within our school and you can also challenge teachers to games!

If you have any problems logging on or using the website, please email Mrs Wall and she will be able to help – [ewall.pingle@deferrerstrust.com](mailto:ewall.pingle@deferrerstrust.com)
