

Getting Involved

Our Raising Aspirations Programme relies on the generosity of volunteers to work with, and help enrich the lives of our students.

If you remember the helpful advice you received as a young adult, or the inspiration that spurred you to aim for university, and would like to encourage others in a similar way, then you could support us by:

- *talking to students about university*
- *talking to students about careers*
- *mentoring students*
- *offering academic support*
- *participating in our work experience programme*

Please contact Mrs J Gostick , Raising Aspirations Coordinator: jgostick.pingle@deferrerstrust.com

Alternatively, you can contact Mrs M Hall, Deputy Headteacher, who is responsible for leading the programme: mhall.pingle@deferrerstrust.com
